

HAKUBA 10/11 SCHOOL PACKAGES

ABOUT HAKUBA

The Hakuba valley is located deep within the Japanese Alps inside the Nagano Prefecture. The valley incorporates 10 ski resorts, over 200 runs, 139 lifts, huge towering peaks, a local village, ski/snowboard shops, a combination of traditional or Western dining, with a rich cultural history. This area is the heart and soul of snow sports in Japan and played host to many events during the 1998 winter Olympics including, Downhill skiing, Ski jumping and the Super G.

The Hakuba valley receives on average an astonishing 11 metres of snowfall each winter and combines this with regular blue bird days right through the season which runs from early December to early April.

The Hakuba valley and it's ski resorts are becoming increasingly popular with International tourists. This truly amazing area is a must visit destination and is sure to be a trip students will remember for years to come.
